Donation: _____
(Please make checks out to LMRPB)

The mission of the Lake Musconetcong Regional Planning Board is to work with the public, state and federal governments in restoring, preserving and protecting Lake Musconetcong and its surrounding watershed. All donations received will aid us in reaching our goal of complete restoration of the lake. Please contact us to volunteer for our annual clean-up of the shoreline in October or if you would be able to operate the weed harvester after proper training.
